

K-LOVE offers members of our community the chance to praise God in their daily lives through music. Often, music is an outreach that touches the lives of people who otherwise wouldn't hear the message of God. If an LPFM takes places and removes K-LOVE from broadcasting in my area, I personally know that a volume of people will lose their daily worship! This broadcast offers a family friendly, positive outlook in music to all who listen. We need more radio stations like this! Please keep K-LOVE in broadcast.
